## NEWS TEAM NEWS TEAM NEWS

### 1st Team Callout on Christmas Eve:

TNSAR was called to search for a skier who strayed out of bounds at Sugar Bowl in the direction of Coldstream Canyon. The skier found his way back to Donner Summit via the railroad tracks before TNSAR searchers got underway.

Marie Sjoquist, a member of **WOOF Search Dog Teams**, informed TNSAR members at January's general meeting that there will be a WOOF training at Sugar Bowl on Saturday and Sunday, Feb. 16 & 17. She encouraged interested members to participate. Call her for more details at 582-1420.

**SKI DEEP AND STEEP — SMART** an evening of fun and education for backcountry skiers was presented January 17 at the Plaza Bar in Squaw Valley's Ski Patrol's in the public interest to ward off tragedies like the death of a young local skier last year caught in an avalanche in a steep chute outside the Alpine Meadows Ski Area. The program was sponsored in part by TNSAR with contribution of an attractive poster/flyer and presentations by various members. Hope you were able to catch it.

TNSAR's **Winter Awareness Program for the Elementary Schools** are currently on tap. Contact Andy Butcher at 546-8729 in this fun and rewarding team activity. *get involved*

TNSAR is planning to place the videos belonging to the team in the Tahoe City Public Library. Any members who have a team video should return them to Scott Schroepfer. You can reach Scott at 546-2809.

A new **65 watt, 8 channel** radio was purchased by the team to go into the new thiokol belonging to Scoop and Bill. **66 Team Thiokol!**

**"Frostbitten** extremities should be warmed rapidly in warm water, being careful not to burn the anesthetic tissues. Frozen feet should not be warmed if the victim must walk some distance to care, because trauma to thawed tissue increases the damage; refreezing after thawing is also dangerous. Warm drinks, snuggling with a warm companion, or warming hands or feet against a warm abdomen or axilla may be all that is possible in the field." Prevention is the key: dress right, take in ample food and fluids, be alert of symptoms and take immediate measures to warm cold numb parts. Information on Cold Injuries taken from **The Merck Manual**, 15th edition, p. 2362.

### TNSAR OFFICERS

President ..... Randall Osterhuber ... 587-6237  
 Vice President ..... Don Ahlert ..... 587-5101  
 Secretary ..... Tamara Ballantyne ... 587-4296  
 Treasurer ..... Scott Schroepfer ... 546-2809  
 Board Members ..... Chauncy Parker ..... 583-7360  
    Gerald Rockwell ..... 583-5376  
    Mike Wolterbeek ..... 582-0362  
    Carl Toepfner ..... 587-4545

### COMMITTEE CHAIRS
